Summary

Fig 1.

This is the first web page users will be guided to when they log into the Confero web system. Simply, this is the 'Home' screen for end-users of Confero. On the 'Home' screen, users will see summarised information of their trips on their particular vehicles. The panel will display 4 basic information. They are, "Total Propellant Record", "Total Trip Record", "Total User-Generated Info Record" and "Total Vehicle Record".

1

Fig 2

If a user wishes to view more detailed information by category, they can do so by clicking on the desired categories, which is displayed on the light blue panel. For Figure 2, it is showing the “View Propellent” screen, where users would not only be able to view propellants, but also view the propellant information.

View Vehicle Information

The screenshot shows the 'View Vehicle' page in the Confero Solution Environment. The page has a navigation menu at the top with options: Home, Propellant Info, Trip Info, User Info, Vehicle Info, Tyre Info, Change Password, and Logout. The 'Vehicle Info' menu is expanded, showing options: Vehicle, Vehicle Configuration, Vehicle Ownership, and Vehicle Type. The 'View All Vehicle Info' option is highlighted. Below the navigation menu, there is a search bar with a dropdown menu for 'Search By' (currently set to 'User Name') and a 'Search' button. To the left of the search bar, there is a box with 'Total record: 6' and 'Search Record: 0'. Below the search bar, there is a 'View record by:' dropdown menu (set to '10') and buttons for 'View All' and 'Export Data'. The main content area displays a table of vehicle records with columns: No, User Name, Vehicle Type, Capacity, Make, Years, Model, Edit, and Delete. The table contains 6 records. Below the table, there is a page number '1'.
